In the originally published article, there is an error in the X-ray diffraction (PXRD) patterns of Figure 2 and Figure 3. The correct figures are presented below. The authors confirm that these updates do not affect the discussion or conclusions of this study. The authors apologize for any misinterpretation these errors may have caused.

**Figure 2.** a–c) PXRD patterns of BIF-22, ZIF-67, and BIF-91 MOFs before and after immersion in 1 M KOH solution. Insets show the polyhedral model of single-cavity frameworks.

**Figure 3.** a) PXRD patterns of BIF-91 and Fe@BIF-91 samples. b–d) XPS survey, Co 2p and Fe 2p high-resolution spectra of Fe@BIF-91. e–g) TEM imaging and corresponding EDX mapping of Fe and Co in Fe@BIF-91. h) High-resolution TEM image of Fe@BIF-91.
