CORRECTION

Correction: Virtual Electrophysiological Study of Atrial Fibrillation in Fibrotic Remodeling

Kathleen S. McDowell, Sohail Zahid, Fijoy Vadakkumpadan, Joshua Blauer, Rob S. MacLeod, Natalia A. Trayanova

The caption descriptions for Figs 4 and 5 are switched. The authors have provided a corrected version here.

Fig 4. Maps of APD distribution for atrial models Utah III (left) and Utah IV (right).

doi:10.1371/journal.pone.0156189.g001

Fig 5. Transmembrane potential maps at four time instants in substrates Utah III (top row) and Utah IV (bottom row) following pacing from a “prime” region outside the PVs (pacing sites marked by red arrows).

doi:10.1371/journal.pone.0156189.g002
