In figure 2 of the above paper, the Y-axis labels of the graphics D and E were incorrectly typed:

\begin{itemize}
  \item Graphic 2D: water use efficiency (WUE) was calculated on the basis of fresh weight and, therefore, the correct Y-axis label is ‘WUE (gFW·ml\textsuperscript{–1}·TW)’
  \item Graphic 2E: the units of stomatal conductance were incorrectly typed; the correct Y-axis label is ‘g\textsubscript{s} (mol H\textsubscript{2}O·m\textsuperscript{–2}·s\textsuperscript{–1})’
\end{itemize}

The corrected figure 2 is reprinted here:
