# Data Sharing Statement

| Item | Question                                                                 | Authors’ Response                                                                 |
|------|--------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| 1    | Would you like to share data collected for your study to others?         | Yes                                                                               |
| 2    | If not, would you like to share the reason for your decision?            | -                                                                                 |
| 3    | What data in particular will be shared?                                   | Number of patients diagnosed from each hospital for each disease during the study period. The annual occurrence rate for each disease. 95% CIs of the annual occurrence rate for each disease, calculated according to the Clopper–Pearson method. |
| 4    | Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | Statistical analysis plan, clinical study report will be also shared if requested. |
| 5    | When will data availability begin?                                        | From the publication date                                                        |
| 6    | When will data availability end?                                          | Two years within the publication date.                                            |
| 7    | To whom will you share the data?                                         | Pediatricians who are interested in this study.                                   |
| 8    | For what type of analysis or purpose?                                    | For analysis of the incidence of infection-related systemic disease in the pediatric population |
| 9    | How or where can the data/documents be obtained?                         | Emails could be sent to the address below to obtain the shared data: benkang@knu.ac.kr |
| 10   | Any other restrictions?                                                  | We may balance the potential benefits and risks for each request and then provide the data that could be shared. |
