(Mol Ther Nucleic Acids. 20, 265–278; June 5, 2020)

In the originally published version of this article, two western blot bands (p-38 and p-p38) were not shown in Figure 7. The authors have added the images of these two bands into the new Figure 7. The authors have confirmed this change does not affect the scientific meaning. The authors regret this error.

Figure 7. The Promoting Effect of MCM3AP-AS1 on PCa Progression Is Reversed by Overexpression of NPY1R (Corrected)
