The Center Studies

You may be eligible for a research study here at your doctor’s office (CCP).

If your child:
• is 12-17 years old
• has ever been in treatment (past or current) with a behavioral health therapist in this practice

Study involves a research interview for up to 1 hour for teens and parents about thoughts on mobile app and text message interventions for depression treatment.
Can be completed:
• On the phone
  OR
• In person

Compensation provided.
