A) Western blot analysis of PGK1 in TPC-1 and BCPAP cells.

B) Graph showing OD value over days for TPC-1 cells.

C) Graph showing OD value over days for BCPAP cells.

D) Images of cell colonies from Vector and PGK1 transfected TPC-1 and BCPAP cells.

E) Bar graph showing relative glucose uptake for TPC-1 and BCPAP cells.

F) Bar graph showing relative lactate production for TPC-1 and BCPAP cells.

G) Bar graph showing relative ATP level for TPC-1 and BCPAP cells.
