S2. User experience questionnaires

Patient/ User Experience questionnaire

We would like to know if you have enjoyed using HabitApp. Please answer the following questions.

|   | nothing | little | something | quite a lot | very much |
|---|---------|--------|-----------|------------|-----------|
| 1. I liked to use it. |        |        |           |            |           |
| 2. I think it is a good technology/game tool for the hospital. |        |        |           |            |           |
| 3. I think it is difficult to use. |        |        |           |            |           |
| 4. I had fun. |        |        |           |            |           |
| 5. The activities (taking pictures, sharing them) were boring. |        |        |           |            |           |
| 6. I would like to play again. |        |        |           |            |           |
| 7. I would like to play again with another child. |        |        |           |            |           |
| 8. I would like to play with the app outside of the hospital. |        |        |           |            |           |
| 9. I would like to play with the app in the hospital school. |        |        |           |            |           |
Caregivers/ User Experience questionnaire
