Career Opportunities

Why do we love to work at Harder & Warner?

- Because a job working for a company that treats every one of us like family and is this community-involved doesn't come along very often
- Because a company that is ahead of the curve and strives to teach us the skills we can only learn from a trend-setting industry leader such as this is the kind of place we want to be
- Because our co-workers become our great friends and they know as well as we do how rewarding it is to work outside and to challenge ourselves physically as well as mentally every day

Because working at Harder & Warner = Part Career. Part Family.

Harder & Warner Inc. is a long standing, family-owned landscape design and construction firm based in Grand Rapids., Michigan since 1945. Combined with our award winning ten acre retail garden center, Harder & Warner Inc. is the premier choice for all of West Michigan's 'Green Needs' including landscape design, construction, snow management, commercial maintenance, irrigation and more.

For the chance to join our company, email resume to jonci@harderandwarner.com or apply online at HarderAndWarner.com/jobs. Visit our website for further job description details.
Harder & Warner Landscape and Garden Center currently has a full time opening for an energetic addition to our dynamic design and sales team. This is a perfect stepping-stone for Horticulture and LA graduates to gain experience and work into a full time landscape design career. Apply to join our close-knit company culture where community matters and camaraderie is abundant. This hard working team player will assist customers with the selection of plant material and propose to them landscape and hardscape design ideas with the opportunity to design and oversee $5,000-$10,000+ landscape projects. Equally important, the holder of this position joins us in running one of the premier retail Garden Centers in West Michigan. Candidate will be mentored by our award-winning, top-level landscape designers and architects, and have the opportunity to design and sell cutting-edge landscape projects. Horticulture knowledge as well as design training/design experience is a prerequisite for this position...Oh yeah, and we love all our Sparties here at Harder & Warner, Inc. Go Green!

**Job Duties include:**

- Assisting customers to decipher their landscape project goals
- Opportunity to design and oversee landscape projects from $5,000-$10,000+
- Join our team in running our 10 acre premier garden center showplace
- Operating skid loaders and small landscape equipment
- Placement of Green merchandise in a visually pleasing manner

**Required skills and Education:**

- Required: landscape design degree or previous landscape design experience
- A Love of the Outdoors
- Ability to lift 50 pounds+
- Must hold a valid driver's license. After acceptance of the position you will need to acquire a chauffer's license.

**Benefits and Wages:**

Pay package starts at $13.50+ per hour plus commission

- Company and Employee health care coverage, with optional dental and vision available after 60 days.
- $10,000 limited life insurance policy when you sign.
- Opportunity for employee bonuses
- Opportunities for advancement within the organization

Senior Landscape Architect/Design Sales
Competitive and established landscape firm looking for a hard working, highly motivated individual to add to our team of creative designers and problem solvers. The successful candidate will have a strong sales background with a minimum of 7 years experience in the design and construction of large residential and commercial projects. Should have experience in commercial project bidding and design/build of large water features and hardscapes. This individual must be honest, results oriented and have a clear understanding of the principles of business profit and cost-effectiveness. Must possess strong organizational and communication skills and the ability to work and lead under pressure.
Responsibilities also include team management and mentoring of entry-level design staff.
Also desirable: Auto-CAD experience, problem solving skills, positive outlook, hands-on leadership style, customer contact experience
Competitive salary and benefits package
Team players who desire a fast-paced, family owned work environment should send resume and pertinent info to Jonci at jonci@harderandwarner.com
This position hires in at $40K to $50K+ depending on sales experience.
**Landscape Construction Supervisor**

Experienced, knowledgeable foreman responsible for leading their crew in the construction and installation of new residential and commercial landscapes, hardscapes, paver patios, ponds/water features, retaining walls, etc. Must be able to manage work schedules, supervise crews in an efficient manner and maintain positive client relations. Candidate should have a Commercial Drivers License and a clean driving record. Position also requires experience with snow removal operations. Excellent wages and benefits. **Position typically starts at $17-$19/hour depending on experience.**

Preferred qualifications are 3-5+ years of experience with the following:
- Experience with both residential and commercial installation projects
- Ability to efficiently operate skid loaders and trucks with trailers
- Installation of natural stone and paver patios
- Installation of trees, shrubs and perennials
- Installation of segmental and natural stone retaining walls
- Ability to read site plans
- Good leadership skills and initiative
- Ability to effectively communicate with clients & management
