Economical factors

- Selling crop production
- Number of house
- Distance to closest road
- Suppl. activity mother + father
- Supplementary activity father
- Supplementary activity mother

Social factors

- Time on the site father + mother
- Time lived on the site father
- Time lived on the site mother
- Bofedal property
- Number households per community

Environmental factors

- Distance to the closest bofedal
- Relative bofedal area

Correlation coefficients:

- Total Livestock Units
  - Selling crop production: r=0.41, p=0.0002
  - Number of house: r=0.36, p=0.007
  - Distance to closest road: r=-0.26, p=0.03
  - Suppl. activity mother + father: r=-0.31, p=0.004
  - Supplementary activity father: r=0.25, p=0.04
  - Supplementary activity mother: r=0.23, p=0.04

- Llamas Quantity
  - Total Livestock Units: r=0.34, p=0.002
  - Selling crop production: r=-0.36, p=0.002

- Alpacas Quantity
  - Total Livestock Units: r=0.34, p=0.002
  - Selling crop production: r=-0.36, p=0.002

- Sheep Quantity
  - Total Livestock Units: r=-0.25, p=0.03

- Daily Grazing duration in Bofedal
  - Total Livestock Units: r=0.36, p=0.0006

- Distance to the closest bofedal
  - Total Livestock Units: r=0.3; p=0.005

- Relative bofedal area
  - Total Livestock Units: r=0.35; p=0.02
  - Daily Grazing duration in Bofedal: r=0.55; p=0.001

- Bofedal property
  - Time on the site father + mother: r=-0.3; p=0.009

- Number households per community
  - Bofedal property: r=0.44; p=0.004
