Max Planck Institute for Demographic Research
Konrad-Zuse-Str. 1, 18057 Rostock, Germany

SUMMARY

I am Executive Director of the Max Planck Institute for Demographic Research and Professor of Social Data Science at the University of Helsinki. I joined the MPIDR from the London School of Economics where I served as Full Professor of Demography. My training includes a PhD in Demography from the University of Pennsylvania and a PhD in Statistics from the University of Helsinki. Most of my work is on population health, fertility dynamics, labor demography, and statistical forecasting.

ACADEMIC POSITIONS

2015— Executive Director, Max Planck Institute for Demographic Research (MPI DR)
2014— Director, Max Planck Institute for Demographic Research (MPI DR)
2016— Professor of Social Data Science, University of Helsinki
2015— Head of the Laboratory of Population Health, MPI DR
2015— Head of the Laboratory of Fertility and Well-being, MPI DR
2015—2019 Professorial Research Fellow, London School of Economics
2013—2015 Professor of Demography (with tenure), London School of Economics
2013— Docent in Demography and Statistics, University of Helsinki
2009—2013 Head of the Max Planck Research Group “Life-course Dynamics and Demographic Change”, MPI DR. Position W2 (Associate Professor)

EDUCATION

2009 PhD in Demography, University of Pennsylvania, USA
Dissertation: Essays on Mortality and the Life Course
Dissertation committee: Samuel Preston, Virginia Chang, Irma Elo
2007 PhD in Statistics, University of Helsinki, Finland
Dissertation: Generalized Regression Estimation for Domain Class Frequencies
Dissertation supervisor: Risto Lehtonen
2005 MSocSc in Economics, University of Helsinki, Finland
2005 MSc in Statistics, University of Jyväskylä, Finland
2003 Visiting Student, Faculty of Mechanics and Mathematics, Moscow State University
PUBLICATIONS

Guest editor of a Social Science and Medicine Special Issue “Pathways to Health”, together with the Tommy Bengtsson (Lund University) and Alain Gagnon
Updated: October 2020

(University of Montreal). This Special Issue is based on the IUSSP conference Pathways to Health that we organized in collaboration with the Institute for the Study of Societal Issues at the University of California, Berkeley, in May 1-2 2012.

Other publications (selected)

2017  Myrskylä, Mikko: „Bessere Aussichten für zarte Babys.“ *Demografische Forschung aus Erster Hand* 14:1, 4-4 (2017).

2016  Myrskylä, Mikko. “Early life conditions and later life health” Forthcoming in: *Demographic Studies on Survival and Health* (Edited by Vladimir Shkolnikov)

2013  Myrskylä, Mikko, Leinonen, Taina and Pekka Martikainen. “Life expectancy by labor force status and social class: Recent period and cohort trends and projections for Finland” Finnish Centre for Pensions Working Paper 02/2013

2011  Myrskylä, Mikko. ”Kyllä se siitä – iän myötä.” (in English: Parenthood gets better with age). *Tieto&Trendit* 1/2011, Statistics Finland

2010  R. Lehtonen, A. Veijanen, M. Myrskylä and M. Valaste: Challenges in small area estimation of poverty indicators. International Conference on Indicators and Survey Methodology Department of Statistics and Probability Theory Vienna University of Technology (February 8, 2010) February 24-26, 2010

2010  Myrskylä, Mikko: ”Elämme toistakymmentä vuotta elinajanodotetta pidempään.” (in English: We live more than ten years longer than expected). *Tieto&Trendit* 1/2010, Statistics Finland

2009  Risto Lehtonen, Mikko Myrskylä and Ari Veijanen. Preliminary results on bias and accuracy of estimators of selected Laeken indicators for domains and small areas. 3rd AMELI Workshop, 4-5 June 2009, Olten, Switzerland

2007  Lehtonen, Risto, Mikko Myrskylä, Carl-Erik Särndal, and Ari Veijanen. “Estimation for Domains and Small Areas Under Unequal Probability Sampling.” Invited paper, the SAE2007 Conference, Pisa, September 2007. CD-ROM

2006  Myrskylä, Mikko. “Calibration vs. model-assisted estimation in unemployment estimation.” (in Finnish). *Yearbook of the Finnish Statistical Society 2005*, Helsinki University Press

2006  Lehtonen, Risto, Mikko Myrskylä, Carl-Erik Särndal, and Ari Veijanen. “Model-assisted and model-dependent estimation for domains and small areas under unequal probability sampling.” Proceedings of the 9th International Vilnius Conference on Probability Theory and Mathematical Statistics. June 25-30, 2006, Vilnius, Lithuania

2005  Myrskylä, Mikko. “When is logistic GREG more accurate than linear GREG?” Proceedings of the 9th Workshop on Survey Sampling Theory and Methodology, Vilnius, Lithuania.
2005  Myrskylä, Mikko. “Model-assisted estimation of employment, unemployment and unemployment rate.” (in Finnish) Master’s thesis in economics, University of Helsinki

2004  Myrskylä, Mikko. “Estimation of class frequencies with micro level auxiliary information.” Master’s thesis in statistics, University of Jyväskylä

2002  Myrskylä, Mikko in collaboration with a large working group: “Follow-up report on the National Programme on Ageing Workers for the year 2002” Working Group Memorandums of the Ministry of Social Affairs and Health 2002:15

2001  Myrskylä, Mikko in collaboration with a large working group: “Follow-up report on the National Programme on Workers for the year 2001” Working Group Memorandums of the Ministry of Social Affairs and Health 2001:17

2000  Myrskylä, Mikko in collaboration with a large working group: “Older workers in the labour market and outside” Working Group Memorandums of the Ministry of Social Affairs and Health 2000:15

2000  Sihto, Matti and Mikko Myrskylä. “Different kinds of unemployed in different kinds of statistics.” (in Finnish) Kansantaloudellinen aikakauskirja 4/2000.

1999  Myrskylä, Mikko in collaboration with a large working group: “Evaluation Report on the National Programme on Ageing Workers for the year 1998” Ministry of Labor Research Reports 229.

1999  Sihto, Matti and Mikko Myrskylä. “Two ways to measure employment.” (in Finnish) Hyvinvointikatsaus 3/1999

**KEYNOTE TALKS**

2019  Human Mortality Database Symposium, Berlin, Germany

2019  Finnish Actuarial Society Annual Symposium, Helsinki, Finland

2018  Human Fertility Database Symposium, Vienna, Austria

2018  ICA 2018 | 31st International Congress of Actuaries, Berlin, Germany

2017  Nordic Meeting in Epidemiology and Register-Based Research, Lund, Sweden

2017  Nordic Demographic Symposium, Turku, Finland

2017  German Statistical Week (meeting of the German statistical and demographic societies), Rostock, Germany

2016  Human Fertility Database Symposium, Berlin, Germany

2012  Annual meeting of the Population Association of Japan, Osaka, Japan

2011  Finnish Statistical Society annual meeting, Helsinki, Finland
FELLOWSHIPS AND GRANTS

2019 – 2024  Spokesperson, International Max Planck Research School on Population, Health, and Data Science. Funding for 6 years for a joint doctoral training program with a network of universities. Amount: 2.4M EUR over 6 years

2017 – 2020  PI, Kone Foundation; with Torsten Santavirta (co-PI)
Project: Intergenerational effects of the 1918 Finnish Civil War
Amount: 282,000 EUR over 4 years

2014 – 2019  PI, European Research Council Starting Grant
Project: Costs and Gains to Postponement: How Changes in the Age of Parenthood Influence the Well-being of Children, the Parents, and Populations
Amount: 1,305,600 EUR over 5 years

2015 – 2016  Co-PI, NIH R24 Network Pilot Grant, with Neil Mehta, Emory University
Project: “Contribution of Health Behaviours to International and Educational Differences in Female Health Expectancies”
Amount: 13,500 USD

2013 – 2018  PI, Swedish Knut and Alice Wallenberg Foundation Fellowship to study the causes and consequences of low and late fertility at the Stockholm University, 7,500,000 SEK (approximately 850,000 EUR) over 5 years (Declined)

2009 – 2013  PI, 1,400,000 EUR grant from the Max Planck Society to establish and lead my research group Life Course Dynamics and Demographic Change at the Max Planck Institute for Demographic Research in Rostock, Germany

2008  Teece Dissertation research fellowship for a study visit to Germany

2006, 2007  Barbara and Edward Netter scholarship for PhD studies

2006-2008  Ella and Georg Ehrnrooth Foundation Grant for PhD studies

2006-2008  Finnish Cultural Foundation Grant for PhD studies

2006  Fulbright graduate grant for PhD studies

2006  League of Finnish-American Societies’ scholarship for PhD studies

2005  Finnish School of Statistical Information, Inference, and Data Analysis research grant for Statistics PhD
AWARDS

2015 The Finnish Academy of Science and Letters Jutikkala Prize for internationally recognized contributions in the humanistic sciences

2006 University of Helsinki Faculty of Social Sciences award for the best economics MA thesis in 2005

2005 Yrjö Jahnsson Foundation award for an outstanding economics MA thesis

2005 Finnish Statistical Society’s Leo Törnqvist award for the most outstanding Finnish MA thesis in statistics in 2004. Grade for the thesis: Laudatur.

2005 University of Jyväskylä Faculty of Mathematics and Statistics award for the best statistics MA thesis in 2004. Grade for the thesis: Laudatur.

PROFESSIONAL ACTIVITIES

Member of
Population Association of America (2006-), European Association for Population Studies (2008-), International Union for the Scientific Study of Population (2008-), Finnish Demographic Society (2014-), Finnish Statistical Society (2004-)

Other
Publisher of the journal Demographic Research (2018-); Editor of the journal Population Studies (2013-); Chair of the International Union for the Scientific Study of Population Research Panel Pathways to Health (2011-); Organizer or Co-Organizer of several international seminars, including Pathways to Health and Well-Being Seminar in Berkeley, CA (2012), the Alpine Population Conference in La Thuile, Italy (2013), Pathways to Health and Well-Being Seminar in Lund, Sweden (2014), COSTPOST Conference on the Postponement of Parenthood (2018)
