Table S1 – Stuart-Maxwell contingency tables for the three statistical comparisons tabulated in Table 1 of the main text.

### Coldest assessed (58.7 ± 1.9 °C)

|                | Somewhat too cold | Just about right | Somewhat too hot | Much too hot | totals |
|----------------|-------------------|------------------|------------------|--------------|--------|
| Hottest assessed (68.4 ± 1.5 °C) | 0                  | 0                | 0                | 0            | 0      |
| Just about right | 6                  | 42               | 8                | 1            | 57     |
| Somewhat too hot | 2                  | 34               | 11               | 1            | 48     |
| Much too hot     | 0                  | 5                | 7                | 1            | 13     |
| totals           | 8                  | 81               | 26               | 3            | 118    |

### Closest to mean temperature assessed (64.1 ± 0.6 °C)

|                | Somewhat too cold | Just about right | Somewhat too hot | Much too hot | totals |
|----------------|-------------------|------------------|------------------|--------------|--------|
| Hottest assessed (68.4 ± 1.5 °C) | 0                  | 0                | 0                | 0            | 0      |
| Just about right | 2                  | 42               | 9                | 4            | 57     |
| Somewhat too hot | 2                  | 29               | 16               | 1            | 48     |
| Much too hot     | 2                  | 6                | 5                | 0            | 13     |
| totals           | 6                  | 77               | 30               | 5            | 118    |

### Closest to mean temperature assessed (64.1 ± 0.6 °C)

|                | Somewhat too cold | Just about right | Somewhat too hot | Much too hot | totals |
|----------------|-------------------|------------------|------------------|--------------|--------|
| Coldest assessed (58.7 ± 1.9 °C) | 1                  | 7                | 0                | 0            | 8      |
| Just about right | 4                  | 54               | 21               | 2            | 81     |
| Somewhat too hot | 1                  | 13               | 9                | 3            | 26     |
| Much too hot     | 0                  | 3                | 0                | 0            | 3      |
| totals           | 6                  | 77               | 30               | 5            | 118    |
