In this article equation (6) should have the form:

\[ D = (1/2) (D_A + D_B) \]

where \( D_\alpha = \exp \{ \beta (2\mu - 2\psi_\alpha - U) \}/Z_\alpha \). This correction does not affect any other equations, results or the conclusions of the paper.

Additionally, reference [9] should have the form:

[9] Fulde P, Thalmeier P and Zwicknagl G 2006 Solid State Physics vol 60, ed H Ehrenreich and F Spaepen (New York: Academic) pp 1–180
