|----------------------|-------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| Online treatment     | Could you tell me about your experience of receiving treatment online? How was it? | • How did you work with the treatment?                                    |
|                      |                                                                               | • How did you use the mobile app?                                        |
|                      |                                                                               | • How did you experience the contact with your therapist?                 |
| Content of online ERITA | How did you experience the content/material on the internet platform?         | • What was the most helpful part of the treatment?                        |
|                      |                                                                               | • What was less helpful?                                                 |
|                      |                                                                               | • What changes could be done to the treatment for it to better suit you?  |
|                      |                                                                               | • How did (or did not) the treatment match your expectations?             |
| Involvement of caregiver(s) | How were you affected by the fact that your caregiver (s) had their own material? How did you experience your caregiver(s) involvement? | • How has the treatment affected the relationship between you and your caregiver? |

Is there anything else we have not talked about that you want to tell me about?

*After ending the interview: ask how it felt to participate in the interview.*
