Johnsen, I. A., Harvey, A., Sævik, P. N., Sandvik, A. D., Ugedal, O., Ådlandsvik, B., Wennewik, V., Glover, K. A., and Karlsen, Ø. Salmon lice-induced mortality of Atlantic salmon during post-smolt migration in Norway. – ICES Journal of Marine Science, doi:10.1093/icesjms/fsaa202.

In the originally published version of this manuscript, there was an error in the Discussion section. The following sentence should read: “Based on this, aquaculture-produced salmon lice-induced mortality of wild salmon post-smolts was estimated as <10% for 179 rivers, 10–30% for 140 rivers, and >30% for 82 rivers in 2019” instead of “Based on this, aquaculture-produced salmon lice-induced mortality of wild salmon post-smolts was estimated as <10% for 247 rivers, 10–30% for 122 rivers, and >30% for 32 rivers in 2019”. This error has now been corrected online.
