Correction to: Scientific Reports https://doi.org/10.1038/s41598-021-02459-w, published online 29 November 2021

The original version of this Article contained an error in Figure 3, where the P-value reported at the end of the figure is incorrect,

“P = 0.001” and “P = 0.45”

now reads:

“P = 0.07” and “P = 0.02”

The original Figure 3 and accompanying legend appear below.

The original Article has been corrected.
**Figure 3.** Scaling RAI values from different camera trap designs with absolute density. Only RAI’s from random camera trap placement designs had significant correlations with absolute density.
