## Supplemental Table S1. Response of LLO56 and LLO118 T cells to antigen

| Parameter                                                      | LLO56 | LLO118 |
|---------------------------------------------------------------|-------|--------|
| Primary response *in vivo*                                    | +     | +++    |
| Secondary response *in vivo*                                  | +++   | +      |
| Proliferation in response to peptide LLO\textsubscript{190-205} *in vitro* | +     | +      |
| Proliferation in response to *Listeria monocytogenes* *in vitro* | +     | +      |
| Rate of apoptosis *in vivo*                                   | +++   | +      |
| IL-2 production *in vitro*                                   | ++    | +      |
| $K_D$ (uM) LLO\textsubscript{190-205} (surface plasmon resonance) | +     | +      |
