## Narrative Review Checklist

| Section/Topic        | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|----------------------|---------|----------------------------------------------------------------------|-------------------------------------|------------------------------|
| **TITLE**            |         |                                                                       |                                     |                              |
| Title                | 1       | Identify the report as a Narrative Review of …                       | 1/2                                 | Title                       |
| **ABSTRACT**         |         |                                                                       |                                     |                              |
| Unstructured summary | 2       | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | 3/2                                 | Abstract                     |
| **INTRODUCTION**     |         |                                                                       |                                     |                              |
| Rationale/background | 3       | Describe the rationale for the review in the context of what is already known. | 4/2                                 | Introduction                 |
| Objectives           | 4       | Specify the key question(s) identified for the review topic.         | 5/1                                 | Introduction                 |
| **METHODS**          |         |                                                                       |                                     |                              |
| Research selection   | 5       | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | 5/6                                 | Methods                      |
| **DISCUSSION/SUMMARY**|         |                                                                     |                                     |                              |
| Narrative            | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | 5/16                                | Discussion                   |
| Summary              | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | 15/6                                | Conclusions                  |
