Table S1. Data from rodent *in vivo* experiments

| Figure | Treatment | Mean | Standard error |
|--------|-----------|------|----------------|
| 4A     | Control   | 40.3 | 1.9            |
|        | IBaCC     | 7.4  | 3.6            |
|        | PCC       | 10.4 | 3.2            |
| 4B     | Control   | 2475 | 364            |
|        | IBaCC     | 580  | 231            |
|        | PCC       | 910  | 222            |
| 4C     | Control   | -0.85| 0.61           |
|        | IBaCC     | 3.9  | 1.3            |
|        | PCC       | 2.3  | 0.9            |
| 5A     | Control   | 8.7  | 0.7            |
|        | PCC       | 2.4  | 0.7            |
| 5B     | Control   | 2458 | 50             |
|        | PCC       | 789  | 50             |
| 6      | PBS       | 9.9  | 1.7            |
|        | IBaCC     | 4.3  | 1.4            |
|        | PCC       | 4.6  | 1.2            |
