Corrections

Several corrections were not applied correctly at the proof correction stage. The Production team regrets the errors, and presents the corrections here. These corrections do not affect the scientific outcomes of the paper.

At the end of footnote 5 (in page 15), the following information is missing: ‘(accessed in December 2014)’.

The footnote 6 (in page 16) should read:
‘Only male sneakers were considered. Amount of items: 4070. Amount of reviews: 203788. www.netshoes.com.br (accessed in September 2015)’
