Erratum: Better age estimation using ultraviolet–optical colours: breaking the age–metallicity degeneracy

by S. Kaviraj,* S.-C. Rey, R. M. Rich, S.-J. Yoon and S. K. Yi

Key words: errata, addenda – galaxies: elliptical and lenticular, cD – galaxies: evolution – galaxies: formation – galaxies: fundamental parameters.

The paper ‘Better age estimation using ultraviolet–optical colours: breaking the age–metallicity degeneracy’ was published in Mon. Not. R. Astron. Soc. 381, L74–L78 (2007).

The affiliation and acknowledgements for S.-C. Rey provided in the article were incomplete.

The correct affiliations for this author are:

(i) Department of Astronomy and Space Science, Chungnam National University, Daejeon 305-764, Korea,

(ii) Center for Space Astrophysics, Yonsei University, Seoul 120-749, Korea, and

(iii) California Institute of Technology, MC 405-47, 1200 East California Boulevard, Pasadena, CA 91125.

The correct acknowledgment is as follows: S.-C. Rey also acknowledges support through the Korea Research Foundation Grant, funded by the Korean Government (MOEHRD) (KRF-2005-202-C00158).
