Las GUÍAS DE PRÁCTICA CLÍNICA (GPC) se definen como un conjunto de recomendaciones basadas en una revisión sistemática de la evidencia y en la evaluación de los riesgos y beneficios de diferentes alternativas clínicas, con el objetivo de optimizar la atención a los pacientes.

Fruto de las colaboraciones entre el personal investigador de la Fundación, del Hospital Infantil Universitario Niño Jesús y los distintos grupos de interés del ámbito sanitario, surgen documentos en formato de guías, recomendaciones o protocolos clínicos, los cuales se ponen a disposición de los ciudadanos y la comunidad científicas.
