| Item | Question                                                                 | Authors’ Response (place “-” if not applicable) |
|------|--------------------------------------------------------------------------|-------------------------------------------------|
| 1    | Would you like to share data collected for your study to others?         | Yes, I would.                                   |
| 2    | If not, would you like to share the reason for your decision?            | -                                               |
| 3    | What data in particular will be shared?                                  | All the data.                                   |
| 4    | Any other documents will be share? Such as study protocol, statistical  | Yes, I will.                                    |
|      | analysis plan, informed consent form, clinical study report, analytic    |                                                 |
|      | code.                                                                    |                                                 |
| 5    | When will data availability begin?                                       | After publication.                              |
| 6    | When will data availability end?                                         | One year after the publication.                 |
| 7    | To whom will you share the data?                                        | Cardiac surgeons.                               |
| 8    | For what type of analysis or purpose?                                   | Data sharing allows researchers to verify the   |
|      |                                                                          | results of an article, replicate the analysis,  |
|      |                                                                          | and conduct secondary analyses.                 |
| 9    | How or where can the data/documents be obtained?                         | Contact the corresponding author via email.     |
| 10   | Any other restrictions?                                                 | No.                                             |
