| Beneficiary Categories and Sub-Categories | FINAL ECOSYSTEM GOODS AND SERVICE (FEGS) IDENTIFIED FOR EACH ENVIRONMENTAL SUB-critical load | ASS |
|----------------------------------------|----------------------------------------------|------|
| Agriculture                            |                                             |      |
| Aquaculturists                         | presence of the environment, water          |      |
| Livestock Grazers                      | water, flora                                | water, flora, open space |
| Foresters                              |                                             |      |
| Commercial/Industrial                  |                                             |      |
| Food Extractors                        | flora, fauna                                | flora, fauna, fungi |
| Timber, Fiber, Ornamental Extractors   | fiber, natural materials                    | fiber, natural materials |
| Resource Dependent Businesses          |                                             |      |
| Pharmaceutical and Food Supplement Suppliers | flora, fauna                           | flora, fauna, fungi |
| Subsistence                            |                                             |      |
| Water Subsistors                       | water                                       | water, flora, open space |
| Food Subsistors                        | flora, fauna                                | flora, fauna, fungi |
| Timber, Fiber, and Fur/Cide Subsistors | fiber, fauna                                | fiber, natural materials |
| Recreational                           |                                             |      |
| Experiencers and Viewers               | presence of the environment, water          | presence of the environment, water |
| Food Pickers and Gatherers             | flora, fauna                                | flora, fauna, fungi |
| Hunters                                | fauna                                        | flora, fauna, fungi |
| Anglers                                | fish                                         | flora, fauna, fungi |
| Waders, Swimmers, and Divers          | presence of the environment, water          | presence of the environment, water |
| Boaters                                |                                             |      |
| Inspirational                          |                                             |      |
| Spiritual and Ceremonial Participants and Celebration | presence of the environment |      |
| Artists                                | presence of the environment, viewscapes, sounds and scents, natural materials | presence of the environment, viewscapes, sounds and scents, natural materials |
| Learning                               |                                             |      |
| Educators and Students                 | presence of the environment                 |      |
| Researchers                            |                                             |      |
| Non-Use                                |                                             |      |
