The microarray experiments were performed at the Hamon Center for Therapeutic Oncology Research, the University of Texas Southwestern Medical Center at Dallas. Y.L. Yap and D.C.L. Lam contributed equally to this work. Correspondence should be addressed to M.P. Wong. Tel: +852 2855 4861; Fax: +852 2872 5197; Email: mwpihk@hkucc.hku.hk. The authors wish to apologise to the omitted co-authors and the readers of NAR for this error.

The authors would also like to apologise for the omission of acknowledgements to the support towards microarray experiments. The full Acknowledgements are given below.

Indispensable support was provided by the Lung Cancer SPORE Grant P50CA70907 and the Gillson Longenbaugh Foundation. A doctoral fellowship (Y.L.Y.) was supported from The University of Hong Kong and the Hong Kong Innovation and Technology Fund (ITF) BIOSUPPORT Programme. Other laboratory work at the University of Hong Kong was supported by the HKSAR Research Grant Council 7486/03M, 7468/04M. Work at the Genetics of Bacterial Genomes Unit is supported by the Centre National de la Recherche Scientifique (CNRS, URA 2171).
