NOTICES TO CORRESPONDENTS.

Communications have been received from Drs Ballingall, Carrick, Marshall Hall, M'Keever, Richard Pearson, James Rutherford, Sinclair, and Whiting; and Messrs James Bell, G. Dempster, Fosbrook, Higgenbottom, Le Fevre, Sandwith, and Ritchie.

The following publications have been sent to us for review:
A Treatise on the Nature and Cure of Gout and Rheumatism. By Charles Scudamore, M.D. The third edition, revised and materially enlarged. 8vo. London, 1819.

A Comprehensive Treatise upon the Symptoms, Consequences, Nature, and Treatment of Venereal or Syphilitic Diseases. Translated from the seventh French edition of F. Swediaur, M.D. 2 vols. 8vo. London, 1819.

Clinical and Pathological Reports. By Samuel Black, M. D. 8vo. Newry, 1819.

Reports on the Diseases of London. By Thomas Bateman, M. D. 8vo. London, 1819.

Essays on Hydrocephalus Acutus, or Water in the Brain. By John Cheyne, M. D. 2d edition. 8vo. Dublin, 1819.

Researches on the Nature and Causes of Epilepsy, as connected with the Physiology of Animal Life and Muscular Motion. By John G. Mansford. 8vo. Bath, 1819.

An Inquiry into the Nature and Properties of the Blood, as existent in Health and Disease. By C. Turner Thackrah. 8vo. London, 1819.

Cases of Hydrophobia. By C. Pinckard, M. D. 8vo. London, 1819.

Report submitted to his Royal Highness the Commander-in-Chief, upon the subject of the Outpensioners of Chelsea Hospital that have been under Treatment for Diseases of the Eyes. 8vo. London, 1819.

A Letter to the Right Honourable Lord Viscount Palmerston, upon the subject of the Ophthalmic Institution. Second edition, with an Additional Appendix. By John Vetch, M. D. 4to. London, 1819.

In the course of the present year will be published, an Account of the Rise, Progress, and Decline of the Fever lately epidemic in Ireland, by F. Barker, M. D., and by J. Cheyne, M. D. F. R. S. E.

Drs Barker and Cheyne, who were lately engaged, by command of his Excellency the Lord Lieutenant, in the inspection of the provinces of Munster and Leinster, have access to all the most important official documents relating to the prevention or suppression of the late epidemic Fever. Many of these they propose to introduce in the course of their work, together with the Reports of the Medical Inspectors on each of the provinces of this country.

Dublin, Aug. 1, 1819.
