Supplemental Figure 4

A

\begin{center}
\begin{tabular}{c}
\textbf{ROC Curve for Model} \\
\textit{Area Under the Curve} = 0.9025
\end{tabular}
\end{center}

B

\begin{center}
\begin{tabular}{c}
\textbf{ROC Curve for Model} \\
\textit{Area Under the Curve} = 0.9567
\end{tabular}
\end{center}

C

\begin{center}
\begin{tabular}{c}
\textbf{Physical distancing} \\
\textbf{ROC Curve for Model} \\
\textit{Area Under the Curve} = 0.9720
\end{tabular}
\end{center}

D

\begin{center}
\begin{tabular}{c}
\textbf{Restricted movement} \\
\textbf{ROC Curve for Model} \\
\textit{Area Under the Curve} = 0.9512
\end{tabular}
\end{center}

\begin{center}
