Humeral diaphysis structure across mammals

Eli Amson\textsuperscript{1,2}

The original article to which this corrigendum refers was published in \textit{EVOLUTION} 75(3): 748–755 (https://onlinelibrary.wiley.com/doi/full/10.1111/evo.14170).

The published version contains an error in the R code that yielded erroneous colour-coding for the mapping of the slopes of global compactness profiles on the timetree (Figure 3C). This error does not affect the results or discussion of the article, only the Figure 3, of which a corrected version is provided here on page 752.
