### Narrative Review Checklist

| Section/Topic | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------|---------|----------------------------------------------------------------------|-------------------------------------|------------------------------|
| **TITLE**     |         |                                                                       |                                     |                              |
| Title         | 1       | Identify the report as a Narrative Review or Literature Review.       | Page 1 - Line 3                     | Title                        |
| **ABSTRACT**  |         |                                                                      |                                     |                              |
| Structured summary | 2   | Provide a structured summary with the subsections as: objective, background, methods, conclusion (1). | Page 2 , 28-47                   | Abstract                      |
| **INTRODUCTION** |       |                                                                      |                                     |                              |
| Rationale/background | 3 | Describe the rationale for the review in the context of what is already known. | Page 3 , 53-63                     | Introduction                  |
| Objectives    | 4       | Specify the key question(s) identified for the review topic.         | Page 3 , 64-67                     | Introduction                  |
| **METHODS**   |         |                                                                      |                                     |                              |
| Research selection | 5 | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | Page 2 , 39-41                   | Abstract                      |
| **DISCUSSION/SUMMARY** |         |                                                                      |                                     |                              |
| Narrative     | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | Page 10-11 , 236-286               | Tumor heterogeneity and multidimensional disease. |
| Summary       | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | Page 12 , 289-295                 | Conclusions and future directions |
