Dear editors,

Please find enclosed our revised version of the article entitled, “Aortic Root Remodeling And External Aortic Annulus To Treat Sinus Of Valsalva Aneurysm In A Patient With A Complete Situs Inversus” for consideration for publication in Journal of Cardiothoracic Surgery.

We corrected in the revised article all comments that you made for the previous submission:

1. Please could you include a Word file of the CARE Guidelines checklist and flow diagram as an additional file? Kindly refer to the following link to obtain the checklist: http://www.care-statement.org/care-checklist.html.

   Response: We have included Word file of the care guidelines checklist. Please be informed that the journal endorses the CARE Guidelines. For case reports, the journal requires the submission of a populated CARE checklist.

2. Please include all the co-authors' email addresses in the Title page.

   Response: We have included co-authors' email addresses in the title page.

3. Please reposition the Keywords section after the Abstract section.

   Response: We have repositioned the Keywords section after the Abstract section.

4. Please reposition the Authors’ Contributions section before the reference list.

   Response: We have repositionned the authors contribution section before the reference list.

5. Please include a list of abbreviations used in the manuscript and their meanings after the Conclusions section.

   Response: We have included a list of abbreviations.

Thank you for receiving our manuscript and considering it for review. We appreciate your time and look forward to your response.
Kind regards

Dr Olivier Bouchot
