Interaction Network

Not Correlated

- PD-1 signaling
- Phosphorylation of CD3 and TCR zeta chains
- Translocation of ZAP-70 to Immunological synapse
- Generation of second messenger molecules
- Costimulation by the CD28 family
- Downstream TCR signaling
- Neutrophil degranulation
- TCR signaling
- Immunoregulatory interactions between a Lymphoid a...
- Interferon gamma signaling

-log10(adjusted p-value)
