Data Sharing Statement

Data
Data available: Yes
Data types: Deidentified participant data
How to access data: https://vivli.org/ourmember/roche/
When available: With publication

Supporting Documents
Document types: None

Additional Information
Who can access the data: Qualified researchers requesting data, whose proposed use of the data has been approved
Types of analyses: For any purpose
Mechanisms of data availability: After approval of a proposal
Any additional restrictions: Anonymized records for individual patients across more than one data source external to Roche cannot, and should not, be linked due to a potential increase in risk of patient re-identification. For up to date details on Roche’s Global Policy on the Sharing of Clinical Information and how to request access to related clinical study documents, see here: https://go.roche.com/data_sharing.
