Table, Supplementary Digital Content 5: Predictors of survival in patients with AKI-D, ESRD, and entire cohort

| Predictors of survival | B    | S.E. | Wald  | df | Sig. | Exp(B) | 95% C.I.for EXP(B) |
|-----------------------|------|------|-------|----|------|--------|-------------------|
| Predictors of survival in AKI-D |      |      |       |    |      |        |                   |
| Shock at admission    | 2.652| 0.928| 8.159 | 1  | 0.004| 0.071  | 0.011            | 0.435            |
| Inotrope requirement during stay | 2.771| 0.633| 19.164| 1  | 0.000| 15.969 | 4.619            | 55.205           |
| CNS involvement       | 1.717| 0.591| 8.440 | 1  | 0.004| 5.566  | 1.748            | 17.723           |
| Predictors of survival in ESRD |      |      |       |    |      |        |                   |
| Shock at admission    | 2.293| 1.152| 3.960 | 1  | 0.047| 9.907  | 1.035            | 94.826           |
| Inotrope requirement during stay | 1.845| 0.804| 5.261 | 1  | 0.022| 6.327  | 1.308            | 30.608           |
| CNS involvement at presentation | 3.013| 1.085| 7.708 | 1  | 0.005| 20.350 | 2.425            | 170.741          |
| Severe COVID-19 staging | 1.920| 0.725| 7.020 | 1  | 0.008| 6.824  | 1.648            | 28.248           |
| Predictors of survival in entire cohort |      |      |       |    |      |        |                   |
| Breathlessness        | 1.485| 0.456| 10.624| 1  | 0.001| 4.415  | 1.808            | 10.782           |
| Inotrope requirement during stay | 1.946| 0.423| 21.136| 1  | 0.000| 7.001  | 3.054            | 16.049           |
| CNS involvement at admission | 2.167| 0.562| 14.879| 1  | 0.000| 8.735  | 2.904            | 26.273           |
| TLC >10,000/cumm      | 0.788| 0.389| 4.097 | 1  | 0.043| 2.198  | 1.025            | 4.712            |

AKI-D- Acute kidney injury requiring dialysis, ESRD- End stage renal disease, CNS- central nervous system, COVID-19- Coronavirus disease 2019, TLC- Total leukocyte count
