2.5. Literary value of Taraz Al Akhbar

Poem: The lyrics have very different meanings for the induction of various descriptions, elegant and impressive expression of the literary value of this collection. Using the Persian language poets such as name and address, and the names of famous poets met, and the on the other hand, the importance of storytelling and storytelling lyrics, the most striking feature of this work is in the field of Persian literature, i.e. Al Akhbar has the class war of the great poets of the early and late beautiful lyrics like:

Rudaki, Elemental Azrqy Kamyary, Sanei, mystery, consistency, Adib Sabir, Sirajuddin Safi Ray, J. Zd, Khaghani, Anwar, Abdul Razzaq al- Jamali, Kamal al-Din Ismail, MM Heravi, Imam Fakhr Razi Amir Akhsygyt, Imad Shahriari, Othman Mokhtari, neishaboori Safi, Rashid Vtmas, Masud Saad Salman, Mojriri Bylgpany, Tbyan Tbn, Sharaf al-Muqbil, Zaheer Faryab, Abdul Alvas Jabali, Abu Faraj Rooney, Raфи Uddin Abhari, Sharaf al-Din al-Kirmani Aفز، Salman Savedji, Lame, Farid sqint-eyed, Maulana Estarabadi system, Mirza Sharaf Jahan Qazwini, optical judge, Abu Almaly neyshaboori, Dkny Tahir Shah, Hussain Sanaei, crescent, Chlpy, hey, Vfy, Taleb Amoli, Mirza Ghazi, Aqdsisi, Mir Sanjar bin Haider, Myrzaqfsyhy, Shqayy wise, learned Shirzai, Mirza lost the unseen, Wise Rkna, Ghiasi square, sage mystic, Talib Kalim, Muhammad Quli Salim Mirza knowledge, Myrdvst Samarkand, Shrary Hamadani, Zaki Hamadani, boom Hamadani, blame Taklv, Foroozi Kashani, Nadim Gilani Asayb, Estarabadi, Amir Maleki Qazwini, Ghyasay fair and judicial Haider ... " it adds to the diversity of literary value.

Prose list also included in this collection, it has a nice battles which are:

"Shahnameh, Joseph, Z., Garshasbnameh Asadi Tusi, Hdyqh Wise Sanaei, logic ot Tayr, Masnavi Rome, Vis and Ramin pride, Gorgan, Khamse military Sheikh, Khamse Yamyr Khosro Dehlavi, Koran Alsdyn, Bostan by Sheikh Sadi, Golestan he, O. Shaikh Jam, seven Orang Maulana Jami, Hatef Tymvrnamh, Shhnshah letter Jnabdy Mirza Qasim, Ibn Husam enable a Lily and Willow school of Shiraz, Shah Jalal beg , Vehvyan his balls, Farhad and Shirin wild, in order Nazrv he Khldbryn his bread and halva Sheikh Baha Mohammed , Rumi Tzrvy Qazwini, Wise Rkna fantasy series, Tdmn Sheikh grace, purity determination Masnavi, Rumi emerged Andrznamh Hakim Arif, Khosrow and Shirin and Mirza Jafar, Masnavi customary, the eunuchs, stumbling a Sanaei Hussein, the Taliban Jhangyrnam Amelie, noted Alysh Yousefi, seven bodies Tklv blame, Khosrow and Shirin, he Bharaz garden book" (ibid.).

So regardless of Akhbar-class technical values, from the beauty of this collection of literature and poets extent necessary for them to be familiar with the names and works of poetry or alleged of a valuable inelegant and it's about respect.

Prose: Prose on top Akhbar, in tandem with the order, describing various topics to show off, but heavy and simple because there is some long and wordy and vocabulary used to describe the long and difficult causes fatigue in the audience and the sooner you understand or not understand, especially for an audience is the public.

The decline of Prose, Arabic compounds and crude expressions, phrases replacement greyhound lifeless instead of sweet Persian proverbs, usage of verbs with different prefixes and different concubine and traditional unlikely gathering and continuity conditions that
which way was used for the particle and suffixes, adjective and noun agreement Arabic style, their straight, simple cold, synonyms successive iterations compliments and flattery and praise that the Timurid era had begun and there was also a testament to the Safavid period and it was a bit too seriously. Prose recent events in the major flaws, lack of reflection and circulation, and worst of all were the incidence of praise and flattery had defective Prose. (Bahar, Mohammad Taghi (1953) Stylistics Volume 3, Tehran, Sepehr / 255 )

Located in the Safavid era in what order and what level of writing prose comes down so hard that the person falls, however. Despite the imperfections and flaws in the prose of the period, looking at existing literature class of Akhbar and Condiments sweet as described, hyperbole, metaphor, etc., and it may not be worth literary prose.

"Sultans Akhbar top stories of celebrity and glamour Sahbqaranan time, big name gelatine elegance God commands the nominal rulers of the names he crowned monogram on the floor. With the sentence of eternal force winds, financial affairs and property owners learn to extinction creator of the universe setting role the mystic realm of knowledge and knows the secrets unknown no Sanaei in praise and acknowledge the. Seat area means circle layout, switching seats Pira'i word associations, based on the description anxiety and helplessness. Instead what I'm talking about making a story, impostor short sighted, long tongue fabulous reader, ignorant of much conversation, monotheism and merit and is required to be put. (Pride, Timers, Abdel- Nabi (1641) leading akhbar, / manuscript, No. 358, parliament Library / Page 2)

2. 6. Taraz Al Akhbar prominent aspect of storytelling

Taraz Al Akhbar is astonishing, as if everything about stories and storytelling has been described in detail and perfection, it is in fact a war that the author of many poems, according to her, it will help to storytelling composition and the various poems of great poets, from earliest to his contemporaries on various topics, and technical aspects of storytelling and storytelling are considered.

The preface of the book is the most important part of the chapter we find that the author of this story in Persian Iran and Turan and India are the narrators.

As previously mentioned, the first part of the book consists of short stories and poetry, often in the form of storytelling usually take them before the start of the Masnavi stories to the attention of the audience or the audience the so-called experts this a "pre reading " they say. Purpose of this book describes the rules and read the “story of Hamza”. This is the important part of this story is dedicated to the introduction Abdel Nabi. As a leading Taraz Al Akhbar contains five chapters: the first chapter in the story of creation and the difference is invented traditions of philosophy, for example, refers to various beliefs about the creation of this story, of Arab a scientist from the story for the disposal of the Bani Abbas caliphs disease min for one set, and some believe that the story of the reign of the deficit and the rest of the story Khwaja Bouzarjomehr wise, and so different, and different beliefs about who invented this story the first chapter is the introduction. (Mohammad Jafar Mahjoub / articles / Iran letter / year 2 / spring 70).

In this chapter, these are:

"The Lord is not hidden knowledge and insight to those who seek Sahebqaran is a story, a legend is extremely sweet and extremely colorful Although the issue of truths that lie
idle, reading and listening to the benefit of storytelling honor and respect that makes rich, thought to come from the void, the void in their pockets, and no intermediate tool to learn about the rulers and kings, emirs not born into the story." (Ibid / 19).

Then, according to the stories and storytelling of kings and ministers have considered the importance of Naby skilled storytelling and improvisation, memory and so he says:

"... The storytelling and memory should have a strong sense of the nature of the appeal; we must not indulge in Eccles stuff that brings oblivion, division, and time to talk about him. Not the way to neglect say, but the battle does not go to the party and read a story that does not transfer to another anecdote, and the nature of the gravitational force is the order of the to hear that everything is in learning improvisation, and to record so that it does not forget, even movements If the teacher is looking for imitator of his master could. "(Ibid / 20).

Third Preference of storytelling is with the poet because, as this is the "first because ........ when one of the kings of the House of storytelling reads the story, makes sure that more or less at the Assemblies of ten tons of people and they will be accomplished, if the eloquent speakers of the clauses of this sort is difficult and eloquent exposition of the congregation, and when written, fun and sweet gestures work, and poems, good and of high-quality all the talk about lines Reading a good read and the word was eager for it to end, from first to last, is a word far as the poet is the second reason [that] the poet says, ten times and it is correct shall, after making sure the listener's heart was singing, storytelling improvisation says everything should be relevant and not wrong in his daily" (Trazalakhbar / 20).

The fourth chapter in the story of Don Juan story, humor, and thankfully they did not know and the homogeneity of the goodness before coming to this chapter, the author's storytelling in social behavior that should be speaking with regard to the religious prejudice the Safavid dynasty of India believes that some of the devices:

"God owns this gorgeous art technology that complies with the House vote should not be drinking stipulated in paragraph religious intolerance since the days of kings and rulers of each of the supreme value, religion, age and some of the other ritualistic unfrequented they Shi group and atheist community. The time to deliver God's way of bringing consumers and homogeneous generosity comes from the heart of sympathy may be obtained in this way, and because of his unhappy in the world to atone for his lies ... " (same / 20 and 21).

Abdel Nabi believes that storytelling is not the technology itself and is an unfinished story, the fifth-rate introduction of Taraz Al Akhbar has the storytelling proper etiquette when you read a story and sing the words of the so-called Saint-John is known as the "jewel of reading." As well as talking about and move, therefore, it has the most basic introduction. Abdel Nabi said referring to the method of storytelling that has been split three ways: The Iranian, Turanian and Hindi in the context of what has been expressed as to how this approach is in the introduction chapter.

Imagination- exaggerated imagery and metaphors -in Taraz Al Akhbar:

The science of expression in Persian literature, what is regarded as the main goal, is getting to know different ways of saying the word with the most important tools used in the sense of imagery so the speaker or writer is considering the beauty of the word, the idea of using images as permitted in moderation, simile, metaphor, hyperbole, and especially in the realm of storytelling to a public audience in understanding the themes and concepts are not hard; doctor Shafie kadkani in his paper has seen as practice of this kind that:
"What is the set of examples of metaphors and similes is reminded the influx of all these lifeless and inert descriptions, and it has no effect".

Despite their indulgence in some cases and also other defects impact on eloquent speaks. It seems to be some special to have class descriptions in prose, the major disadvantage is the lack of moderation in the literal meaning of the term.

Doctor Shafie kadkani believes there are two possibilities in the way of storytelling:

1. the authors of the books of these stories do not have to be something that people do not mention it, they have asked to be part of storytelling with fill phrases, as our journalists insist that they do not enjoy the poems published nor readers, however, it continues to fill pages and convince the reader.

2. Another possibility is that we get away from the historic center of this style of speech, and the beauty of the change in principles. We, today, cannot understand poems or enjoy, , but the people of that era and the era of storytelling that were not popular in the town, have understood and have been enjoying. (Look at the top akhbar / Shafi' Kadm / year 3 / No.1 / 1060th spring / p. 116)

3. CONCLUSION

Cognitive load considered Taraz Al Akhbar as a treasure of great poets and writers of poetry and prose collection, which besides being a useful tool for understanding the narrative techniques of conversation, helps story-telling and narration, prose style and the strong and weak points and how the author describes the elements of nature and life is introduced. Contributing the culture and Persian literature is vast and huge resource for research in Persian literature and culture. Better understanding of the poetry and prose of the author and factors is expressed during this period, with the extent and variety of poems and prose texts, this effect is achieved
