CORRIGENDUM TO: FULLY BAYESIAN ESTIMATION UNDER DEPENDENT AND INFORMATIVE CLUSTER SAMPLING

LUIS G. LEÓN-NOVELO
TERRANCE D. SAVITSKY

Journal of Survey Statistics and Methodology, smab037, https://doi.org/10.1093/jssam/smab037

In the originally published version of this manuscript, there were some inaccuracies in Figure 1. The left panel included the distribution of $\beta_0$ when the caption stated that the figure corresponds to the average kcal daily intake in the reference group. The panel should plot $\exp(\beta_0) - 1$. This has been corrected online.
