# Data Sharing Statement

| Article Info | Item | Question                                                                 | Authors’ Response (place “-” if not applicable) |
|--------------|------|--------------------------------------------------------------------------|--------------------------------------------------|
|              | 1    | Would you like to share data collected for your study to others?        | No.                                              |
|              | 2    | If not, would you like to share the reason for your decision?           | This article is an experimental study, and does not use patient-related data or public database data. If a reader asks me for original data out of research needs, I am very happy to provide it unconditionally. |
|              | 3    | What data in particular will be shared?                                  | -                                                |
|              | 4    | Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | -                                                |
|              | 5    | When will data availability begin?                                       | -                                                |
|              | 6    | When will data availability end?                                         | -                                                |
|              | 7    | To whom will you share the data?                                        | -                                                |
|              | 8    | For what type of analysis or purpose?                                   | -                                                |
|              | 9    | How or where can the data/documents be obtained?                        | -                                                |
|              | 10   | Any other restrictions?                                                 | -                                                |
