Due to a typesetting error, some references are incorrectly numbered in the text. Page 5, paragraph 2 should read: picoseconds [5, 36]; page 5, paragraph 4 should read: which are responsible for notoriously elusive quantum critical phenomena [37]. From this point onwards, citations [37–47] in the text correspond to references [38–48]. In addition, in the caption of figure 2, $S_{0000;0}^{(SQC)}$ should read $S_{1111;1}^{(DQC)}$.
