**ESRD**

- Incidence probability over time (years)
- **P < 0.0001 by log-rank**

| Serum Creatinine (mg/dL) | Number at Risk |
|-------------------------|----------------|
| oGLD                    | 45016          |
| SGLT-2i                 | 45016          |

**All-Cause Death**

- Incidence probability over time (years)
- **P = 0.0016 by log-rank**

| Serum Creatinine (mg/dL) | Number at Risk |
|-------------------------|----------------|
| oGLD                    | 45016          |
| SGLT-2i                 | 45016          |

| Serum Creatinine (mg/dL) | Number at Risk |
|-------------------------|----------------|
| oGLD                    | 45016          |
| SGLT-2i                 | 45016          |

**Number at risk**

| Proteinuria (mg/dL) | Number at Risk |
|---------------------|----------------|
| oGLD                | 25141          |
| SGLT-2i             | 25217          |

**Number at risk**

| Proteinuria (mg/dL) | Number at Risk |
|---------------------|----------------|
| oGLD                | 25141          |
| SGLT-2i             | 25217          |

**Number at risk**

| Proteinuria (mg/dL) | Number at Risk |
|---------------------|----------------|
| oGLD                | 25150          |
| SGLT-2i             | 25232          |

**Number at risk**

| Proteinuria (mg/dL) | Number at Risk |
