| Item | Question                                                                 | Authors’ Response                                                                 |
|------|--------------------------------------------------------------------------|----------------------------------------------------------------------------------|
| 1    | Would you like to share data collected for your study to others?          | Yes with the exception of patients information                                     |
| 2    | If not, would you like to share the reason for your decision?             | -                                                                                |
| 3    | What data in particular will be shared?                                   | Raw data of cell migration, cell proliferation, and matrix invasion               |
| 4    | Any other documents will be shared? Such as study protocol, statistical   | Protocols used for cell migration, proliferation, invasions and Western blot      |
|      | analysis plan, informed consent form, clinical study report, analytic     | assays                                                                           |
|      | code.                                                                     |                                                                                  |
| 5    | When will data availability begin?                                        | After publication                                                                 |
| 6    | When will data availability end?                                          | -                                                                                |
| 7    | To whom will you share the data?                                         | To other researchers on demand                                                    |
| 8    | For what type of analysis or purpose?                                     | Only for research purposes                                                        |
| 9    | How or where can the data/documents be obtained?                         | From the authors, via e-mail, on demand                                           |
| 10   | Any other restrictions?                                                   | -                                                                                |
