Figure S4

(a) Immunoblot of expression of pHAGE-nsp14 and Y414A (α-His)

(b) BMDCs

| Treatment          | Un-stimulated | SeV          |
|--------------------|---------------|--------------|
| pHAGE              | 1             | 1            |
| pHAGE-nsp14        | ns            | ns           |
| pHAGE-nsp14 Y414A  | ns            | ns           |

Relative mRNA level
