Formatting changes requested
-------------------------------

Major revisions (we require the author to make these changes).

Please remove the job titles from the list of authors' affiliations, and format the affiliations and email addresses as shown in the sample template at http://biomedcentral.com/download/templates/BMC153n.dot

*The job titles have been removed from the list of authors' affiliations, and the affiliations have been formatted and email addresses are shown as in the sample template*

Ethical approval - please move the statement on ethical approval to the Methods section of the manuscript.

*Ethical approval moved to the Methods section of the manuscript.*

References 2 and 3 - please provide the correct details for these references.

*References 2 and 3 have been corrected*

Reference 13 - please remove the apostrophe in the book title (Survey's).

*The apostrophe in the book title of Reference 13 has been removed*

Figure legends - Figure legend 1 contains graphics. These will either need to be included within the image as a key, or written as text (e.g. "diamond").

*These graphics have been converted to text*

Table shading - We are unable to display colours within the tables. Can we therefore ask you to use another method of highlighting the coloured text, e.g. by making it bold?

*This has now been done*

Table vertical elements - we are unable to display vertical lines within the tables. Please re-layout your tables without the vertical lines.

*All lines have been removed from tables*

Additional files - All additional files must be mentioned in the text, or removed from the system. If you do not wish to refer to the additional file, please remove it from the submission system. If you wish to retain it, please refer to it in the following way: '[see Additional file 1]', and add a section titled 'Additional files' at the end of the manuscript (after the tables) listing the following: the file format, the title of the data, and a short description of the data. An example from another paper is
The additional file has been removed.

Minor revisions (We can make these changes on resubmission, although it will speed up publication of your manuscript if you do them while making the major changes above).

Title - Please use sentence case in the title, both in the manuscript file and the submission system i.e. remove all unnecessary capitals (capitalise only the first word and proper nouns, and no full stops/periods). For example you would change 'The Title of My Prestigious Publication: A Scientific Study' to 'The title of my prestigious publication: a scientific study'

This has now been done

Remove keywords after the abstract.
