Supplementary material: Key Findings from the European Men-Who-Have-Sex-With-Men Internet Survey in Greece

Katerina Pantavou, Georgios Tsiakalakis, Sophocles Chanos, Georgios Polkas, Georgios Papageorgiou, Nicolaos Dedes, Axel J. Schmidt and Georgios K. Nikolopoulos

Table S1. Education, current occupation/work status, and feelings about current income.

| How many years have you spent in full-time education since the age of 16? | N  | %  |
|---------------------------------------------------------------|----|----|
| None                                                          | 89 | 3.1|
| 1 to 5                                                        | 772| 26.5|
| 6 to 10                                                       | 1298| 44.6|
| Over 10                                                       | 454| 15.6|
| Not answered                                                  | 296| 10.2|
| Total                                                        | 2909| 100|

| Which of the following best describes your current occupation? | N  | %  |
|---------------------------------------------------------------|----|----|
| Employed full-time.                                           | 1312| 45.1|
| Employed part-time                                           | 241 | 8.3|
| Self-employed                                                | 363 | 12.5|
| Unemployed                                                   | 369 | 12.7|
| Student                                                      | 454 | 15.6|
| Retired                                                      | 67  | 2.3|
| Long-term sick leave/medically retired                       | 15  | 0.5|
| Other                                                        | 70  | 2.4|
| Not answered                                                 | 18  | 0.6|
| Total                                                        | 2909| 100|

| Which of these phrases would you say comes closest to your feelings about your income these days? | N  | %  |
|-----------------------------------------------------------------------------------------------|----|----|
| Living really comfortably on present income                                                   | 217| 7.5|
| Living comfortably on present income                                                          | 621| 21.3|
| Neither comfortable nor struggling on present income                                          | 1268| 43.6|
| Struggling on present income                                                                  | 524| 18.0|
| "Really struggling on present income"                                                         | 254| 8.7|
| Not answered                                                                                  | 25 | 0.9|
| Total                                                        | 2909| 100|

Table S2. Sexual attraction, sexual identity, and outness.

| Sexual Attraction 1 | N   | %  | Sexual Identity 2 | N   | %  | Outness 3 | N   | %  |
|---------------------|-----|----|-------------------|-----|----|-----------|-----|----|
| Men                 | 2868| 82.2| Gay or homosexual  | 2099| 72.2| All or almost all | 489| 17.0|
| Women               | 511 | 14.6| Bisexual          | 440 | 15.1| More than half    | 643| 22.4|
| Non-binary 4        | 99  | 2.8| Straight or hetero-| 44  | 1.5| Less than half   | 423| 14.7|
| I’m not attracted to anyone | 5  | 0.1| I don’t usually use a term | 11 | 0.4| Few       | 941| 32.7|
| Not answered        | 8   | 0.2| Not answered      | 314 | 10.8| None       | 371| 12.9|
|                     |     |    |                   |     |    | Not answered | 9  | 0.3|
| Total               | 3491| 100|                   | 2909| 100|             | 2876| 100|

1 Who are you sexually attracted to?—Participants could select as many as apply. 2 Which of the following options best describes how you think of yourself? 3 Thinking about all the people who know you (including family, friends, and work or study colleagues), what proportion know that you are attracted to men?—Question shown when answer to question “who are you sexually attracted to?” was any of men. 4 People who identify as neither men nor women, or as both.
Table S3: Percentages of current partnerships, type of partnership, and when the last steady partnership broke up.

| Do you currently have a steady partner? | N     | %   |
|----------------------------------------|-------|-----|
| No, I am single                        | 1750  | 60.2|
| Yes, I have a steady partner           | 867   | 29.8|
| I’m not sure or it’s complicated       | 290   | 10.0|
| Not answered                           | 2     | 0.1 |

When did your most recent steady relationship break-up?

| N     | %   |
|-------|-----|
| I’ve never had a steady relationship | 450  | 15.5|
| Within the last 24 hours            | 2    | 0.1 |
| Within the last 7 days              | 11   | 0.4 |
| Within the last 4 weeks             | 53   | 1.8 |
| Within the last 6 months            | 201  | 6.9 |
| Within the last 12 months           | 229  | 7.8 |
| Within the last 5 years             | 495  | 17.0|
| More than 5 years                   | 228  | 7.8 |
| Not answered                        | 83   | 2.9 |

| 1573       | 582               | 256            | 82         | 76             | 73              | 29        | 13           | 2153  |
| 58.6%      | 21.7%             | 9.5%           | 3.1%       | 2.8%           | 2.7%            | 1.1%      | 0.5%         | 100%  |

In the last 12 months, how much of the sex you’ve had with men has been under the influence of alcohol or any other drug?

### Table S9. Self-efficacy measures considering sex (n = 2909).

| Strongly Disagree | Disagree | Not Sure | Agree | Strongly Agree | Not Answered |
|-------------------|----------|----------|-------|----------------|--------------|
| The sex I have is always as safe as I want it to be. | 60 (2.1) | 184 (6.3) | 417 (14.3) | 1302 (44.8) | 938 (32.2) | 8 (0.3) |
| I find it easy to say ‘no’ to sex I don’t want. | 31 (1.1) | 113 (3.9) | 328 (11.3) | 1084 (37.3) | 1337 (46.0) | 16 (0.5) |
Table S10. HIV transmission, testing, and treatment knowledge ($n = 2909$). All the following statements are true.

| General knowledge                                                                 | I knew this already | I wasn’t sure about this | I didn’t know this already | I don’t understand this | I do not believe this | Not answered |
|-----------------------------------------------------------------------------------|---------------------|--------------------------|----------------------------|------------------------|----------------------|-------------|
| AIDS is caused by a virus called HIV.                                              | 2835 (97.5)         | 47 (1.6)                 | 19 (0.7)                   | 2 (0.1)                | 4 (0.1)              | 2 (0.1)      |
| You cannot be confident about whether someone has HIV or not from their appearance.| 2706 (93.0)         | 116 (4.0)                | 35 (1.2)                   | 23 (0.8)               | 25 (0.9)             | 4 (0.1)      |
| **Transmission**                                                                  |                     |                          |                            |                        |                      |             |
| HIV cannot be passed during kissing, including deep kissing, because saliva does not transmit HIV. | 2581 (88.7)         | 229 (7.9)                | 53 (1.8)                   | 1 (0.0)                | 27 (0.9)             | 18 (0.6)     |
| You can pick up HIV through your penis while being ‘active’ in anal or vaginal sex without a condom, even if you don’t ejaculate. | 2479 (85.2)         | 293 (10.1)               | 107 (3.7)                  | 0 (0.0)                | 9 (0.3)              | 21 (0.7)     |
| You can pick up HIV through your rectum or vagina while being ‘passive’ during sex. | 2788 (95.8)         | 55 (1.9)                 | 36 (1.2)                   | 2 (0.1)                | 2 (0.1)              | 26 (0.9)     |
| **Test**                                                                         |                     |                          |                            |                        |                      |             |
| There is a medical test that can show whether or not you have HIV.                | 2858 (92.3)         | 26 (0.9)                 | 13 (0.5)                   | 3 (0.1)                | 3 (0.1)              | 6 (0.2)      |
| If someone becomes infected with HIV it may take several weeks before it can be detected in a test. | 2629 (90.4)         | 171 (5.9)                | 93 (3.2)                   | 4 (0.1)                | 8 (0.3)              | 4 (0.1)      |
| **Treatment**                                                                    |                     |                          |                            |                        |                      |             |
| There is currently no cure for HIV infection.                                     | 2379 (81.8)         | 294 (10.1)               | 97 (3.3)                   | 16 (0.6)               | 107 (3.7)            | 16 (0.6)     |
| HIV infection can be controlled with medicines so that its impact on health is much less. | 2689 (92.4)         | 135 (4.6)                | 53 (1.8)                   | 2 (0.1)                | 6 (0.2)              | 24 (0.8)     |
A person with HIV who is on effective treatment (called ‘undetectable viral load’) cannot pass his/her virus to someone else during sex.

|                                    | N   | %   |
|------------------------------------|-----|-----|
|                                    | 1466| 709 |
|                                    | (50.4)| (24.4) |

Table S11. Post-exposure prophylaxis (PEP) and pre-exposure prophylaxis (PrEP) knowledge (n = 2909). All the following statements are true.

| Post-exposure prophylaxis (PEP) attempts to stop HIV infection taking place after a person is exposed to the virus (for example by having intercourse without a condom). | N   | %   |
|-----------------------------------------------------------------------------------------------------------------|-----|-----|
| I knew this already                                                                                               | 1640| 56.4|
| I wasn’t sure about this                                                                                            | 387 | (13.3)|
| I didn’t know this already                                                                                            | 814 | (28.0)|
| I don’t understand this                                                                                             | 34  | (1.2)|
| I do not believe this                                                                                               | 24  | (0.8)|
