**A**

- Scatter plot showing the relationship between IL-6 (pg/ml) and SS.
- Pearson correlation coefficient ($r$) = 0.128.
- $P > 0.05$.

**B**

- Scatter plot showing the relationship between IL-6 (pg/ml) and Post-TnI (ng/ml).
- Pearson correlation coefficient ($r$) = 0.107.
- $P > 0.05$. 

---

**Legend:**
- IL-6 (pg/ml): IL-6 levels in picograms per milliliter.
- SS: A variable plotted against IL-6.
- Post-TnI (ng/ml): Post-TnI levels in nanograms per milliliter.
