We are keen to get your feedback on the LEGO®-based therapy that your child has received as part of the I-SOCIALISE study. For each of the statements below, please tick the box that best represents your views.

|   |   | Strongly agree | Agree | Neither agree nor disagree | Disagree | Strongly disagree |
|---|---|----------------|-------|---------------------------|----------|------------------|
| 1. | LEGO®-based therapy fits in well with my views on what helps children with autism |   |   |   |   |                     |
| 2. | Taking part in LEGO®-based therapy was a negative experience for my child |   |   |   |   |                     |
| 3. | Taking part in LEGO®-based therapy was a big effort for my child |   |   |   |   |                     |
|   | Taking part in LEGO®-based therapy was not time well spent instead of doing other activities that might help my child |   |   |   |   |                     |
| 5. | LEGO®-based therapy made a positive impact on my child’s social skills |   |   |   |   |                     |
| 6. | LEGO®-based therapy made a negative impact on my child’s academic confidence |   |   |   |   |                     |
| 7. | LEGO®-based therapy made a negative impact on my child’s communication skills |   |   |   |   |                     |
| 8. | LEGO®-based therapy made a positive impact on my child’s behaviour |   |   |   |   |                     |
| 9. | My child does not have a clear understanding of what LEGO®-based therapy is |   |   |   |   |                     |
| 10. | My child felt confident about how to take part in LEGO®-based therapy |   |   |   |   |                     |
| 11. | LEGO®-based therapy has helped my child |   |   |   |   |                     |
