The use of metformin is associated with decreased lumbar radiculopathy pain [Erratum]

Taylor A, Westveld AH, Szkudlinska M, et al. J Pain Res. 2013;6:755–763.

The notes section for Table 2 should read:

Notes: Sections 1 and 2 are adapted from the short-form McGill pain questionnaire. Patients were asked to identify their pain with the provided scale. Melzack R. The short-form McGill Pain Questionnaire. Pain. 1987;30(2):191–197.
