## Data Sharing Statement

| **Article Info** | https://dx.doi.org/10.21037/atm-21-3245 |
|------------------|------------------------------------------|

| **Item** | **Question**                                                                 | **Authors’ Response** (place “-” if not applicable) |
|---------|-----------------------------------------------------------------------------|------------------------------------------------------|
| 1       | Would you like to share data collected for your study to others?             | No.                                                 |
| 2       | If not, would you like to share the reason for your decision?                | Parts of the follow-up research is still in progress.|
| 3       | What data in particular will be shared?                                     | -                                                   |
| 4       | Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | -                                                   |
| 5       | When will data availability begin?                                          | -                                                   |
| 6       | When will data availability end?                                            | -                                                   |
| 7       | To whom will you share the data?                                           | -                                                   |
| 8       | For what type of analysis or purpose?                                       | -                                                   |
| 9       | How or where can the data/documents be obtained?                            | -                                                   |
| 10      | Any other restrictions?                                                     | -                                                   |
