Mother and baby unit □
Counselling □
Medication □
Section 2 What do you think about psychological problems during pregnancy and after birth?

The City Mental Illness Stigma Scale (Moore, Ayers & Drey)

We use the term “psychological problems” in this questionnaire to refer to all sorts of distress mothers might experience after having a baby, for example mood problems, depression, anxiety, trauma and obsessive compulsive disorder. Please think of psychological problems to mean whatever you feel comfortable with. We appreciate that some questions may be of a sensitive nature and we thank you for your honesty in helping us better understand how you are feeling.

Please select the amount you agree or disagree with each of the following statements.

| Statement                                                                 | Strongly disagree | Disagree | Agree | Strongly agree |
|---------------------------------------------------------------------------|-------------------|----------|-------|----------------|
| 1. I can’t cope as well as I’d like with my baby                          | 1                 | 2        | 3     | 4              |
| 2. I have thoughts of hurting myself                                      | 1                 | 2        | 3     | 4              |
| 3. I have thoughts of killing myself                                      | 1                 | 2        | 3     | 4              |
| 4. I have thoughts about leaving my baby                                  | 1                 | 2        | 3     | 4              |
| 5. My psychological problems have meant I have lost time with my baby    | 1                 | 2        | 3     | 4              |
| 6. People think mothers with psychological problems can’t cope with their babies | 1                 | 2        | 3     | 4              |
| 7. People think mothers with psychological problems don’t love their babies | 1                 | 2        | 3     | 4              |
| 8. People think mothers with psychological problems will harm their babies | 1                 | 2        | 3     | 4              |
| 9. People think mothers with psychological problems will harm themselves | 1                 | 2        | 3     | 4              |
| 10. People think mothers with psychological problems will kill themselves| 1                 | 2        | 3     | 4              |
| 11. People think mothers with psychological problems are abnormal         | 1                 | 2        | 3     | 4              |
| 12. I do not want people to know I have psychological problems as they may think I’m a bad mother | 1                 | 2        | 3     | 4              |
| 13. I worry that if I told a healthcare provider about my psychological problems the social services would get involved | 1                 | 2        | 3     | 4              |
| 14. I worry that if I told a healthcare provider about my psychological problems | 1                 | 2        | 3     | 4              |
problems my baby would be taken away

1. I worry that if I told a healthcare
provider about my thoughts they would
think I am an abusive mother
