A commentary on

Dense array EEG source estimation in neocortical epilepsy
by Yamazaki M, Tucker DM, Terrill M, Fujimoto A and Yamamoto T. (2013). Front. Neurol. 4:42. doi: 10.3389/fneur.2013.00042

The following sentences
Electrical source localization was conducted at the rising phase for the dEEG detected spikes with a linear inverse method (LAURA) using the GeoSource 1.0 software package within the space of a 3D head model derived from the Montreal Neurological Institute’s average adult MRI.

should be replaced by
Electrical source localization was conducted at the rising phase for the dEEG detected spikes with a linear inverse method (LAURA) (1) using the GeoSource 1.0 software package within the space of a 3D head model derived from the Montreal Neurological Institute's average adult MRI.
