Cost-effectiveness of tailored print communication, telephone motivational interviewing, and a combination of the two: results of an economic evaluation alongside the Vitalum randomized controlled trial

Hilde M van Keulen1*, Judith E Bosmans2, Maurits W van Tulder2, Johan L Severens3, Hein de Vries1, Johannes Brug4, Ilse Mesters5

Correction
Since publication of our article [1], we have realized that Figure two (Figure 1): “Cost-effectiveness acceptability curve of difference in total number of guidelines met”, is incorrect. The original text referring to the figure as well as the figure legend is correct. The correct Figure two

![Figure 1 Cost-effectiveness acceptability curve of difference in total number of guidelines met. Notes TPC = tailored print communication, TMI = telephone motivational interviewing, combined = combination of TPC and TMI.](image-url)
