### Narrative Review Checklist

| Section/Topic          | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|------------------------|---------|----------------------------------------------------------------------|------------------------------------|------------------------------|
| **TITLE**              |         |                                                                       |                                    |                              |
| Title                  | 1       | Identify the report as a Narrative Review or Literature Review.       | Page 1, Line 1-3                   | Title, Paragraph 1           |
| **ABSTRACT**           |         |                                                                      |                                    |                              |
| Structured summary     | 2       | Provide a structured summary with the subsections as: objective, background, methods, conclusion (1). | Page 2, Line 17 - 41              | Abstract, Paragraph 1-4      |
| **INTRODUCTION**       |         |                                                                      |                                    |                              |
| Rationale/background   | 3       | Describe the rationale for the review in the context of what is already known. | Page 3-4, Line 42 -78             | Introduction, Paragraph 1-5  |
| Objectives             | 4       | Specify the key question(s) identified for the review topic.         | Page 3-4, Line 73-76              | Introduction, Paragraph 4    |
| **METHODS**            |         |                                                                      |                                    |                              |
| Research selection     | 5       | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | Page 3-4, Line 68-73             | Introduction, Paragraph 4    |
| **DISCUSSION/SUMMARY** |         |                                                                      |                                    |                              |
| Narrative              | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | Page 5-19, Line 78 -642           | Artificial intelligence in node detection and classification, Artificial |
| Summary                | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | Page 20, Line 643-655             | Conclusion, Paragraph 1      |
